

Statement of Congressman Steve Rothman on the passage of the Jobs for Main Street Act of 2010

December 17, 2009

Contact: Bob Decheine (202) 225-5061 office, (202) 550-7869 cell

“During the worst economic crisis since the Great Depression, I am proud to cast this vote for legislation that will create jobs while making critical infrastructure improvements in New Jersey and throughout the country. This Jobs for Main Street Act appropriates \$75 billion originally slated for bailing out large financial institutions, and redirects that funding to Main Street for local projects, providing relief to local property tax payers who would otherwise bear the full cost of those essential infrastructure repairs.”
