Washington, DC &ndash; Today, on Holocaust Remembrance Day, Congressman Rothman released the following statement:

This day stands as a testament that America and the world must never forget the horrific atrocity committed by the Nazis more than six decades ago. As terrorists and fanatics from across the globe remain dedicated to destroying the Jewish people and the Jewish State of Israel, we can see that murderers motivated by the hatred of Jews are found in every generation.

Each day we must recommit ourselves to the solemn pledge to never forget the Holocaust. We must ensure that anti-Semites never again be allowed the capabilities to carry out their evil and deranged fantasies.
