Washington, DC – Today, Congressman Steve Rothman (NJ-9), a member of the House Appropriations Committee, released the following statement:

I am proud to announce the Department of Homeland Security Fire Prevention and Safety grant of \$8,906 for the Teaneck, New Jersey Fire Department. This Fire Prevention grant will support projects that enhance the safety of the people of Teaneck and its firefighters from fire and related hazards. Every federal dollar that is brought back for important local projects like the Fire Prevention program is one less dollar that the already overburdened local taxpayers have to take out of their pocket.
