Rothman Reads to Cliffside Park

Students During Read Across America Day

Cliffside Park, NJ -- Congressman Steve Rothman (D-Bergen/Hudson) read one of his favorite children's books, Dr. Seuss' "The Lorax," to a 4th Grade class at Cliffside Park School #5 on March 2 as part of the National Education Association's (NEA) Read Across America Day.

Celebrated every year since 1998, NEA's Read Across America commemorates the birthday of Theodor Geisel (Dr. Seuss) and calls attention to the critical role of reading in the lives of adults and students alike. Last year, more than 25 million children, teenagers, and adults across the country participated in Read Across America activities.

Education is a major focus for Rothman who regularly visits schools throughout Bergen and Hudson County.
